Certificate Design Overview

01

The IFEM Emergency Department Quality Certification is issued in three tiers — Gold, Silver, and Bronze — each reflecting the level of conformance achieved against the IFEM ED Quality Standards, Edition 1. The certificate design uses a unified visual language rooted in the IFEM Brand Style Guide, adapted for the gravitas and formality expected of an international accreditation document.

Design Principle

All three tiers share an identical layout. Only the seal badge colour (Gold / Silver / Bronze) and the level wording change between variants. This ensures visual consistency and prevents confusion when multiple certificates are displayed together.

Format	Portrait, A297 × 210) 4 mm) — print-ready at 300 dpi
Orientation	Portrait
Variants	Gold Silver Bronze
Programme	IFEM ED Quality Certification, Edition 1
Issuing Authority	International Federation for Emergency Medicine (IFEM)
